

# WILD SEAWEED BATHS

## Soak in the restorative power of seaweed and the outstanding views.

Am gannoedd o flynyddoedd, mae pobl wedi bod yn ymdrochi mewn gwymon am ei nodweddion meithringar, adferol ac iachusol. Mewn dŵr cynnes, mae gwymon yn rhyddhau ei olewau yn llawn mwynau, gan eich ymlacio'n ysblennydd, lleddfu cyhyrau blinedig ac annog dihangfa o fywyd bob dydd.

Eleni, gan ddefnyddio'r dŵr pur a gynhyrchir fel sgil-gynnyrch ein proses cynaeafu halen môr, ni yw'r cwmni cyntaf yng Nghymru i gynnig profiad ymdrochi awyr agored pwrpasol, gan ddathlu'r olygfa ddigyffelyb yn yr Ardal o Harddwch Naturiol Eithriadol hon.

Gwisgwch eich gwisg nofio ac ymdrochwch yng ngrym gwymon yn eich casgen wisgi wedi'i huwchgylchu eich hun.

For hundreds of years, people have been bathing in seaweed for its nurturing, restorative and healing properties. In warm water, seaweed releases its mineral-dense oils, offering rich relaxation, soothing tired muscles and encouraging escape from the everyday.

This year, using the pure water generated as a by-product of our sea salt harvesting process, we are the first company in Wales to offer a bespoke outdoor bathing experience, celebrating the unparalleled view in this Area of Outstanding Natural Beauty.

Don your swimming costume and soak in the power of seaweed in your own private upcycled whiskey barrel. Book online or give us a call.
